

## HARDWARE CARE & MAINTENANCE

---

### | HANDLING & ASSEMBLY

To maintain the geometric integrity and premium finish of the hardware, ensure components are handled with clean, lint-free gloves during assembly. Align threads carefully before fastening to prevent damage to the core structure.

### | CARE INSTRUCTIONS

Follow the specialized maintenance steps below to preserve material finishes and prevent long-term discoloration.

- 1 Wipe product gently with a lint-free cloth.
- 2 Do not use abrasive cloths or cleaners.
- 3 Keep your hardware dry to avoid discoloration.
